

2017 SACHEM FOOTBALL YOUTH EXPERIENCE

COME JOIN THE EXPERIENCE - "WHERE FUTURE PROS ARE BORN"

The Sachem Football Youth Experience is a series of four clinics directed and coached by the Sachem North Football staff and alumni. Players will not be in pads and no football experience is necessary.

Elementary Clinics (K - 5): These clinics are designed to teach the fundamentals and skills of football in a fun, non-contact environment. The format of the clinic will be primarily station circuits highlighting various youth football skills.

Middle School Clinics (6 - 8): The following offensive position clinics will be offered: *Quarterback, Running Back, Wide Receiver, O-Line*. These clinics are designed to teach the fundamentals and skills necessary to play the chosen position at the middle and high school levels.

The Sachem Football program has set the standard for athletics in this community for the last 50+ years. **Head Coach Dave Falco** is excited to welcome the future stars of Sachem Football to the family.
