

Join Us in Creating Tamarac's First "Pink Pumpkin Patch"

An important part of being a strong leader and an everyday "superhero" means looking out for and supporting one another, especially in times of need. We would like to show our support for Breast Cancer while celebrating the Fall season by asking our Tamarac families to create and decorate a "pink themed" pumpkin that will be displayed in the front lobby for all to enjoy. What a fun and creative way to show support for such a worthy cause and to get into the Fall season spirit! We look forward to seeing all of your wonderful PINK PUMPKIN creations!

Please bring your decorated pumpkin to school on **October 16** for our lobby display!

Thank you and have fun!

The Leadership Team
